

PROGRESS IN KENYA

Restroom sinks, toilets and urinals are in! The final phase of the school's construction is on the horizon. We are working to purchase land to drill our school's well. We are also in the process of creating the school's Board of Directors and plan to hire our first teachers by the end of summer. We anticipate enrolling our first students and opening the doors in 2025!

SPONSOR A CHILD

We are looking for 50 individuals/families to sign up to sponsor a child. \$50/month will cover tuition, uniforms, school supplies, meals, and health care for one student. Become a child sponsor today as we prepare to enroll our first students for the 2025 school year!
